SERVICE DAY SATURDAY 17TH AUGUST 2019

The club have planned a service day for Saturday 17th August. This is an old tradition that we are excited to bring back. The idea is to get our players and members out to the club to help tidy and improve our club house and grounds in advance on new season. In addition to the obvious benefit of making the place look better it also is a good way of teaching our players about service and social responsibility which is very much in keeping with the club player development plan.

A wide range of activities have been planned from painting, seeding, hedge planting, grass cutting, tidying etc. In addition to this we are undertaking some bigger projects on the same day utilising some of the trades expertise we have in the club. These include the installation of a disable access toilet at the club, the renovation of the referees changing room and the repair of the floodlights on the hill behind training pitch to better facilitate its use in conditioning training. In the ideal world we would like to allow different teams or group to take ownership of specific activities thus allowing that group to come together and get it done.

We will arrange to have a bar-b-que and some refreshments for all the volunteers on the day.

In addition to this, in response to a request from a number of age grade coaches, we are going to hold a registration day for all mini and youth players. This should help lift the burden on coaches and managers by getting the bulk of registration out of the way without the distraction of training or games etc. The plan would be for the club to provide a station where parents can register players for any team and indeed take care of multiple registrations in one go. This will also give each team manager a big boost in reaching this year's goal of having all players registered by mid September.

There will be a raffle held for 2 tickets for Ireland v Wales (7th September in Aviva Stadium) for all those who have paid their membership by 31st August 2019.

Kind regards

Adam
